

Black Printer Test Page

Print this page to check black toner density, text sharpness and alignment.

1. Text sharpness — each line should be crisp, no smudging:

The quick brown fox jumps over the lazy dog 0123456789

The quick brown fox jumps over the lazy dog 0123456789

The quick brown fox jumps over the lazy dog 0123456789

The quick brown fox jumps over the lazy dog 0123456789

The quick brown fox jumps over the lazy dog 0123456789

2. Black density — the block should be deep, even black:

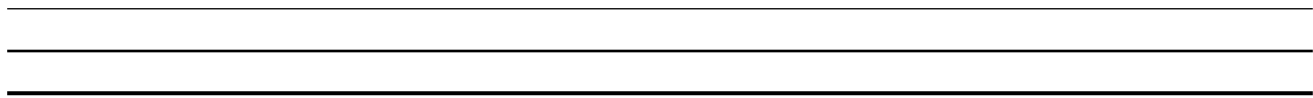

Solid 100% black

0%

100% gray ramp — steps should be smooth

3. Fine lines — lines should be straight, unbroken:

4. Alignment — crosshairs should be centered and symmetric:
